Councilman Brown, Chair of the Personnel & Administration Committee said there were two items on their agenda one being annual and sick leave for library personnel. He stated that the committee recommended that library personnel continue earning sick and

annual leave at their current rate until the county personnel policy is revised. It was the consensus of council to follow the recommendation of the committee. The next item was leave accumulation for personnel working 12 and 24-hour shifts. At 911 Dispatch and EMS, Councilman Brown asked that this be tabled and kept in committee until the next meeting since there was nothing to offer at this time.

Councilman Thomas of the Public Works Committee said the committee had a recommendation for landfill equipment and asked Buddy Agan to give a brief overview before the committee made its recommendation. Mr. Agan said they received bids from two companies for the landfill compactor. After they discussed the advantages and disadvantages of the different equipment and quotes, he made a recommendation that the County purchase a re-manufactured CMI Rex at a cost of \$169,950 from Road Machinery Service. A new machine of this type would cost \$350,000. After a brief discussion, Councilman Thomas said the committee was recommending the purchase of the re-manufactured CMI REX for \$169,950 if it was his recommendation that we accept the recommendation of Mr. Agan. He said that \$45,000 has been budgeted for the lease-purchase of the equipment replacement of this and they are recommending that they purchase the Rex and advertise for the financing of this equipment as well as the knuckle boom.
